Open Sesame

Beginning-High-Intermediate

Open Sesame is an exciting, full-color series for children, featuring the world-famous Sesame Street characters. Students start **Open Sesame** at the level appropriate to their oral language foundation and their familiarity with reading and writing in English.

For continuous development of language skills, the logical progression of the series for children is the three *Beginning Language Development Levels*.

Big Bird's Yellow Book - Features beautiful illustrations to introduce English with no written words. **Grover's Orange Book** - Develops oral language and listening skills to form

the basis for an introduction to printed words. **Cookie Monster's Blue Book** - Provides additional oral language development activities and introduces reading and writing exercises. Printed words are introduced first as labels, then in sentences, and finally in short paragraphs.

There are two *Intermediate Language Development Levels*. **Prairie Dawn's Purple Book** - Introduces specific content area material with an emphasis on critical thinking skills. **Ernie and Bert's Red Book** - Extends the focus on content area materials, while still supplying plenty of oral practice.

The two *Resource Levels* are **Oscar's Bridge to Reading Book** and **Open Sesame MultiLevel Book**, which can be used independently or in conjunction with the other books in the series.
