Think, Inc. The Novel Link

Help Students Read Critically and Think Creatively

Think, Inc.'s high-level questions and challenging analytical reading activities will both improve the perceptions of capable readers and boost the comprehension skills of slower readers. Activity Sheet Sets (*novels not included*) are reproducibles and consist of three sections: vocabulary in which students define, by using context clues, high utility words related to the central meaning of the book, comprehension which helps students complete with Venn diagrams. These diagrams provide an opportunity for students to demonstrate an understanding of sequence, character traits, contrasting story elements, and cause/effect relationships.

Activities progress sequentially across various levels of difficulty. As reading levels build, the ratio of inferential to literal comprehension questions increases.

A 16-page Teacher's Guide is included. Interest Level to Adult.

Grades 2-12
