Novel Helpers

Think, Inc. The Novel Link

Help Students Read Critically and Think Creatively

Think, Inc.'s high-level questions and challenging analytical reading activities will both improve the perceptions of capable readers and boost the comprehension skills of slower readers. Activity Sheet Sets (*novels not included*) are reproducibles and consist of three sections: vocabulary in which students define, by using context clues, high utility words related to the central meaning of the book, comprehension which helps students complete with Venn diagrams. These diagrams provide an opportunity for students to demonstrate an understanding of sequence, character traits, contrasting story elements, and cause/effect relationships.

Activities progress sequentially across various levels of difficulty. As reading levels build, the ratio of inferential to literal comprehension questions increases.

A 16-page Teacher's Guide is included. Interest Level to Adult.

Bring the Classics to Life with Computer Software

Each diskette includes the entire Classic novel in a ten-chapter format. This format achieves immediate success for the student who finds the original version too difficult to read. Each novel was rewritten at lower-than-original reading levels using McGraw-Hill's Core Vocabulary and measured by the Fry Readability Formula.

New teaching vocabulary is defined and used in context, a preview illustration is supplied, and a dictionary definition and preview question is provided. New vocabulary presented in each chapter is reinforced and graded after each reading selection. After each chapter, the student completes ten comprehension questions. Multiple-choice requires the student to recall specific details, sequence the events, draw inference from chapter context, develop another name for the chapter and select the main idea.

Reading fluency and rate development are achieved through the use of controlled reading methodology either in full-line format or fluency slot modality. Rate of presentation for each chapter may be varied from 40 to 520 words per minute.

The Record Keeper

The comprehension and vocabulary scores for thirty (30) students can be maintained within "The Record Keeper." Each student's record is maintained using his or her name, plus an individual ID#. It is possible to delete from 1 to 30 students individually, or the entire class. Students' scores may be analyzed on the monitor and/or a printed copy may be generated.
